EMPLOYEE COVID-19 VACCINE RECOGNITION PROGRAM

At Milwaukee County, our vision is to be the healthiest County in Wisconsin. The best path forward for the health of Milwaukee County is for as many community members to be vaccinated as possible, as soon as possible.

As representatives of Milwaukee County - we can and should set the example. Through Vaccin8, our new employee COVID-19 Vaccine Recognition Program, Milwaukee County is amplifying the importance of receiving your COVID-19 vaccine and recognizing those who have made the choice to protect themselves, their families and their community.

### WHAT IS VACCIN8?

Vaccin8 is a program to recognize and celebrate employees who have already made the decision to receive the COVID-19 vaccine, as well as encourage those who have not yet been vaccinated to do their part to protect themselves, their colleagues, and the community. Through Vaccin8, fully vaccinated employees will receive up to eight additional hours of paid time off.

### WHO IS ELIGIBLE?

Fully vaccinated, full-time employees will receive an extra 8-hours of Vaccin8 time in their PTO bank in the "ExtraTime" category. Part-time employees will receive 4-hours and hourly and seasonal employees will receive 2-hours of paid time off.

### WHEN DO I HAVE TO RECEIVE MY VACCINE TO BE ELIGIBLE?

To be eligible for Vaccin8 time off, employees need to submit full vaccination verification by September 6, 2021.

### IS THERE A DEADLINE TO USE THE DAY OFF? DOES IT EXPIRE?

Vaccin8 time will expire on December 31, 2022

### CAN I RECEIVE PAYOUT FOR THE HOURS INSTEAD OF THE DAY OFF?

There will not be a payout option for Vaccin8 time. If an employee leaves the County prior to utilizing their Vaccin8 time, they will be compensated for the time, as is standard practice for any accrued paid time off.

### HOW DO I PROVE MY VACCINATION STATUS?

Employees must submit their proof of vaccination. Employees will be required to submit either a copy of their vaccination card, a screenshot from the Wisconsin Immunization Registry (WIR) or vaccination verification from their healthcare system patient portal.
