Good morning,

We want to make you aware that we are rolling out a new COVID-19 vaccine recognition program for County employees called Vaccin8. Through the program, fully vaccinated employees will receive up to eight additional hours of paid time off. The goal of the program is both to recognize and celebrate employees who have already made the decision to be vaccinated, as well as encourage those who have not yet been vaccinated to do their part to protect themselves, their colleagues and the community.

It is critically important that we ensure every County employee is aware of this program and know how to submit their vaccination verification in order to receive the corresponding time off, and we need your help.

Attached please find a one-page overview we encourage you to use with your teams to spread the word about Vaccin8. Employees can scan the QR code on the sheet to be taken directly to the form they can fill out to confirm their vaccination status and register for their Vaccin8 time off.

If you have any questions, or if there are any additional materials it would be helpful to have, please don't hesitate to let me know.

Respectfully,

The Office of the County Executive
