Dear Employees,

At Milwaukee County, our vision is to be the healthiest County in Wisconsin. In line with that vision, the best path forward is for as many of our community members to be vaccinated as possible, as soon as possible.

As representatives of Milwaukee County - we can and should set the example.

Milwaukee County wants to amplify the importance of receiving your COVID-19 vaccine and recognize those who have made the choice to protect themselves, their families and their community.

Today, as part of our efforts to positively update County COVID-19 policies, we are excited to announce Vaccin8, a new Employee COVID-19 Vaccine Recognition Program. Through Vaccin8, fully vaccinated employees will receive up to eight additional hours of paid time off. We encourage you to learn more about Vaccin8 and submit your vaccination verification on [County Connect](#).

It is our hope that through Vaccin8 we will both recognize and celebrate employees who have already made the decision to be vaccinated, as well as encourage those who have not yet been vaccinated to do their part to protect themselves, their colleagues and the community. For information on vaccination sites, visit healthymke.com or text your zip code to 438829.

Respectfully,

The Office of the County Executive
